Last Will and Testament

We, the Senior Class of 1961, of King High School, being of sound body and mind realizing the pitfalls of this earthly existence, and about to pass out of this, our life at King High School, do hereby make this our Last Will and Testament.

To Mr. Neal and the faculty we leave our sincere appreciation for the knowledge and prestige you have helped us to acquire through our high school years.

To the coming seniors we leave all receipts for our expenses so that you will know to start saving now.

To the coming juniors we leave all the new experiences we shared as we entered our third year in high school.

To the coming sophomores we leave our joy at climbing one step more toward graduation.

To the coming freshmen we leave our strong will and what fight we have left in us because you will need it to battle your way up the ladder.

SYLVIA BARBER, president of our Student Council, is representative of all organizations at King High. With eagerness she anticipates the needs of our school, with willingness she accepts responsibility, and with a smile she becomes a friend to all. Every human being, created in the image of God, is endowed with a power akin to that of the Creator—Individuality, power to think and do. The men in whom this power is developed are the men who bear Responsibilities, who are leaders in enterprise, and who influence Character. It is the work of true education to develop this power; to train the youth to be thinkers, and not mere reflectors of other men's thought. Instead of confining their study to that which men have said or written, let students be directed to the sources of truth, to the vast fields opened for research in nature and revelation. Let them contemplate the great facts of duty and destiny, and the mind will expand and strengthen. Instead of educated weaklings, institutions of learning may send forth men strong to think and to act, men who are masters and not slaves of circumstances, men who possess breadth of mind, clearness of thought, and the courage of their convictions.

Such an education provides more than mental discipline; it provides more than physical training. It strengthens the Character, so that truth and uprightness are not sacrificed to selfish desire or worldly ambition. It fortifies the mind against Evil. Instead of some master passion becoming a power to destroy, every motive and desire are brought into conformity to the great principles of Right. As the perfection of His character is dwelt upon, the mind is renewed, and the soul is re-created in the image of God.

What education can be higher than this? What can equal it in value?
